

## LGV Technician : working 4 on 4 off day shift

### Boughey Distribution Limited – Wardle, CW5 6RS

**About the Company:** Boughey Distribution Limited is one of the UK's leading distribution companies. We're based near Nantwich, Cheshire, so we are ideally placed to serve companies across both the North West of England and further afield, with the M6 allowing easy North/South access.

We currently employ around 800 people and works with many of the UK's major food industry brands to provide ambient storage and distribution services. We also provide a range of specialist services including consolidation, e-commerce and contract packing.

From our base in Wardle, near Nantwich, we operate a fleet of 120 vehicles and 250 trailers and offer over 900,000 square feet of warehousing space.

Established over 57 years ago, we offer secure and stable employment and a range of benefits commensurate with a large and ambitious company.

We also have a new site that is open in Crewe situated off the A500, on Jack Mills Way.

**Job Overview:** The successful candidate will maintain and repair the commercial vehicle fleet to a high standard exceeding the minimum requirements of DVSA guidelines in line with Company procedures. Volvo and other product training if required will be provided.

#### **What's on offer:**

- Working 4 on 4 off 12 hour day shifts
- Salary £ 43,680.00 – paid weekly
- Enhanced holidays of 23.5 days per annum
- The opportunity to earn an annual attendance bonus
- Becoming a member of the workplace pension scheme
- Excellent working conditions

#### **Key Duties/Tasks:**

- To carry out routine safety inspections, servicing, all repairs and defect rectification to any vehicle or trailer.
- To accurately record all work completed with time taken to enable such work to be recharged to the appropriate cost centre.
- To accurately complete all maintenance and repair record sheets
- To work in a professional, logical and safe manner at all times.
- To keep the work area safe, clean and tidy.
- Adopt a flexible working approach and be a team player at all times.
- There may be a requirement to support the warehouse team with the repair to company engineering plant including warehouse equipment such as racking (fixed and mobile), dock levellers, safety gates, barriers and fixtures.

#### **Requirements and Qualifications:**

- Inspect, service, diagnose and repair mechanical and electrical defects on all vehicles
- To accurately complete all required paperwork and documentation.
- Adhere to strict maintenance schedules and meet given deadlines.
- Be a fully skilled LGV technician, through a relevant recognised formal training programme.
- Have a methodical and quality focus to problem solving.
- Have strong attention to detail.

**Desirable:**

- Possession of a valid C + E licence would be an advantage.
- Be familiar with all aspects of inspecting vehicles and trailers, specific knowledge of Volvo LGV's would be a distinct advantage but not essential.

**How to apply:**

If you are interested in applying for the role, please send your CV and covering letter to Michelle.Leighton@Boughey.co.uk.
